1992-07-16	1992-07-16	https://www.nytimes.com/1992/07/16/garden/where-to-find-it.html	WHERE TO FIND IT	False	IN the right room, a sleek new television set can look like a piece of sculpture. But in many settings, particularly more traditional ones, it is a lot more attractive to hide the television when it is not in use. Most manufacturers of ready-made furniture, like Ikea and the Door Store, design cabinets and shelf units to conceal television sets, videocassette recorders and tapes. But an increasing number of carpenters and custom-cabinet makers create one-of-a-kind television enclosures or refit existing cabinets to accommodate televisions.	1992-07-20	TX 3-337129
